

HIVE

Revenue Settlement Infrastructure

THE PROBLEM

- Operators lose 5-12% of revenue to underreporting
- Manual audits cost \$3,000-\$8,000 per vendor
- GP structures create unverifiable compliance risk

THE SOLUTION

- Direct POS integration - verified at the terminal
- Automated GR settlement with no manual reporting
- Continuous compliance monitoring across all vendors

SUPPORTED POS SYSTEMS

- Square
- Shopify
- Clover
- Lightspeed
- Moneris
- TouchBistro

Integrations in active development. Contact our team to confirm availability for your vendors.

HOW IT WORKS

- 1 Connect**
Vendors authorize read-only access to their existing POS system.
- 2 Verify**
HIVE reads transaction data in real time directly from the terminal.
- 3 Calculate**
The agreed GR percentage applies to verified gross sales automatically.
- 4 Settle**
Operators and vendors both see the same verified figures in HIVE BIZ.

BUILT FOR
